

HONORABULL SCHOLARSHIP

The HonoraBull Scholarship is a mechanism to fund high-impact, low-cost student projects. Fundable projects are those that aim to fulfill a particular need, service or otherwise enhance the community, and that have a tangible product, event, or outcome. The HonoraBull Scholarship is made possible through the fundraising efforts of the HonoraBull Student Philanthropy Team, whose mission is to “to foster a sense of commitment to the Honors College and the success of its students through philanthropic education and activities.” Their aim is to increase student’s philanthropic contributions and provide an opportunity for students to help others in the community.

This scholarship is available to University at Buffalo students who are in good standing in the Honors College, including making satisfactory progress towards the completion of their Honors curriculum. Awards may be granted up to \$250; however, students are welcome to make a case for funding beyond this amount, if warranted. Applications are accepted on a rolling basis and typically are reviewed at the end of each month by the HonoraBull Scholarship Committee (may be comprised of Honors College students, alumni, faculty and staff). Only applications that follow the instructions below and are submitted in their entirety to the Honors College in 106 Capen will be considered for funding.

The committee is particularly interested in those projects that aim to positively impact Buffalo or its citizens. Fundable projects should be completed within a 12-month timeframe.

Students who previously received an HonoraBull Scholarship may reapply if requesting funding for a different project; however the committee will take this into consideration when reviewing the applicant for additional funding.

A completed application must contain the following parts:

- Part 1: Personal Information
- Part 2: Project description and impact statement
- Part 3: Indication of Support (use accompanying form)
- Part 4: Budget (use accompanying form)
- Part 5: W-9

If applying as a group for a project, each Honors Scholar should submit parts 1, 2, and 5. The group should designate a project lead who will submit parts 3 and 4 on behalf of the group with their completed application.

Submit the completed application (with original signatures) to:
